

## Celebrate the Centennial of the South Orange Train Station

Saturday October 1, 2016 · 6-9PM  
Sloan Street, South Orange

**Tickets: \$25 online, \$30 at the door**

### Sponsorship

We invite you to become a sponsor of this momentous occasion, the celebration of 100 years of the South Orange Train Station. South Orange, a premier Transit Villages, is hosting a roaring 20's style party with live music, food and drinks and a historic look back through time.

#### Fund for the South Orange Station

Built in 1916 by architect Frank J. Nies, the South Orange Train Station was designed in the Renaissance style and named to the National Registry of Historic Places in 1984. Although an impressive building, the station needs significant improvements and beautification. Funds collected will be used to help revitalize our historic station including: plantings, lighting replacement and installation of art / murals to celebrate our history.
